FINAL PAVING WORK ON NH ROUTE 11 IN FARMINGTON
WILL REQUIRE ALTERNATING TRAFFIC ON OCTOBER 18

The New Hampshire Department of Transportation announces final paving work is scheduled to occur Thursday, October 18, 2001 on a one-mile section of NH Route 11 in Farmington, just east of the intersection with NH Route 153.

This paving work during daylight hours will require one lane of alternating traffic on October 18. Uniformed officers and flag persons will assist motorists through the moving work zone. Some delays can be expected and motorists are encouraged to take alternative routes if possible.

SUR Construction of Rochester, New Hampshire is the general contractor for the \$600,000 road resurfacing and shoulder-widening project.
